

All FIVE Stars & this calendar are due by the date of your exam. You are allowed to turn in projects early, but you must meet the deadlines set below or those set forth in your project description. If you do not obtain all of the teacher signature/stamps, you will lose points on your overall project grade. All information, rubrics, or descriptions can be found at <http://www.mskmath.com> or <http://www.rhsalgebra1.weebly.com>

This project is your final exam grade!! You should use class time very wisely to create the best products you can. You will pick your best project to present on the day of your exam. If the rubric states you must have a presentation, then you must present that project!! Presentations are limited to 5 minutes in length.

Monday	Tuesday	Wednesday	Thursday	Friday
